2014/2866/P	DENISE MORTON	FLAT 4 160-164 ROYAL COLLEGE STREET CAMDEN LONDON	08/05/2014 16:35:46	OBJ	<p>1) Despite the promise of a 'car free' development, in reality this means nothing as we discovered with another development next door to us (Flats 7-12) 160-164 Royal College St NW1. At least two of the 6 dwellings have parking permits or blue badges. The parking situation in Royal College and Randolph streets is dreadful.</p> <p>2) I cannot see anywhere on the application stating how many bedrooms are proposed in each of the 27 units.</p> <p>3) The immediate area is already far too overcrowded with housing, with every available shop and office being turned into flats, the noise day and night is becoming unbearable.</p>
