December (Existing) 12:00PM

December (Proposed) 12:00PM

December (Existing) 15:00PM

December (Proposed) 15:00PM

The shadow analysis through December highlights that there isn't a major difference between the existing development and the proposed top floor extension

The only additional overshadowing occurs to the rear roof of the existing school.

Generally the existing building currently overshadows the whole school elevation and therefore the proposal cannot be detrimental to the school.
