2014/2186/P	John Chilvers	69 Bedford Court Mansions Bedford Avenue WC1B 3AB	14/04/2014 12:42:09	COMMNT	I very rarely comment on planning applications, as the issues are usually finely balanced. But this one is not. I have owned 69 Bedford Court Mansions since 1983, and the quiet enjoyment of this property is largely due to the space created by the two parallel blocks of the mansions. The change proposed by the applicants would intrude upon the use of this space, and almost certainly create noise and commotion which would diminish the privacy of quite a few apartment owners.

2014/2186/P	Therese O'Connor	53 Bedford Court Mansions Bedford Avenue London WC1B 3AA	16/04/2014 16:33:53	OBJ	I am most concerned about the planning application to provide a door and screens to enable the use of an outside terrace. In the summer in particular the noise and smell of smoke will be extremely unpleasant. During the summer our flats become extremely warm and we have to open the windows. The noise that ricochets up the area between the buildings is already unpleasant. Having people potentially eating, drinking and smoking outside would make this even worse. We go home to have a quiet refuge, not to share it with people partying outside. My children would not be able to get to sleep and from a health perspective I would be concerned about the effects of the smoke

2014/2186/P	Therese O'Connor	53 Bedford Court Mansions Bedford Avenue London WC1B 3AA	16/04/2014 16:46:24	OBJ
