To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals. Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:			
a) Protected and priority species			
Yes, on the development site Yes, on land adjacent to or near the proposed development No			
b) Designated sites, important habitats or other biodiversity features			
Yes, on the development site Yes, on land adjacent to or near the proposed development No			
c) Features of geological conservation importance			
Yes, on the development site Yes, on land adjacent to or near the proposed development No			
14. Existing Use Please describe the current use of the site:			
Existing Cafe			
Is the site currently vacant? Yes No No			
Does the proposal involve any of the following? If yes, you will need to submit an appropriate contamination assessment with your application.			
Land which is known to be contaminated? Yes No			
Land where contamination is suspected for all or part of the site? Yes No			
A proposed use that would be particularly vulnerable to the presence of contamination? Yes No			
15. Trees and Hedges			
Are there trees or hedges on the proposed development site? Yes No			
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the			
development or might be important as part of the local landscape character? If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the			
accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in			
accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.			
16. Trade Effluent			
Does the proposal involve the need to dispose of trade effluents or waste? Yes No			
17. Residential Units			
17. Residential Units Does your proposal include the gain or loss of residential units? Yes No
