4. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

Yes No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title: First name: Surname:

Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

Invited to participate in formal pre-application process. Response as follows:

I refer to the above pre-application consultations submitted on 17th and 18th March, and message left on my voicemail earlier. The message invited us to pay monies to commence a formal pre-application process.

While I appreciate that Camden Council have a formal and chargeable process for pre-application enquiries, our clients clearly have to weigh up the time and cost involved, compared to what is essentially a very minor scheme to merely add one small microcell antenna to an existing telecommunications installation on an existing building. In such case, it is considered commercially impractical to pursue a formal pre-application enquiry, particularly given the time and cost that will be incurred with the formal (prior approval) planning application process on 2 of the sites (112 High Holborn and 120 Holborn), while 1 site (106 Finchley Road) will be a simple notification (all schemes are permitted development)

If there are any issue that arise during the currency of the application, we can deal with them at that time, but we do not expect there to be any major concerns for a proposal of this nature.

5. Telecommunications Apparatus

Please specify the type of apparatus to be installed or altered (e.g. call box, mast):

Please provide further details of the apparatus (e.g. height, size, colour etc):

Are you replacing an existing installation? Yes No

Are you submitting a declaration confirming that the apparatus is in full compliance with the requirements of the radio frequency (RF) public exposure guidelines of the International Commission on Non-Ionizing Radiation Protection (ICNIRP)?

The emissions from all mobile phone network operators' equipment on the site must be taken into account when determining compliance.

Yes No

6. Supplementary Information

Are you also providing a completed Supplementary Information Template (as set out in Annex F of the Code of Best Practice on Mobile Phone Network Development)?

Yes No

7. Neighbour and Community Consultation

Have you consulted your neighbours or the local community about the proposal?

Yes No

8. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact? (Please select only one)

The agent The applicant Other person

9. Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
