Your Ref:- 2012/2736/P

For the attention of Mr N Zaayman

Dear Sir,

Re:- Site Adjacent to 41 Ferncroft Avenue, London. NW3 7PG – Conditions

We have been appointed by Mr F Arnaldi the owner of the above site to carry out Structural Engineering services for the above development.

We can confirm therefore, that we will be preparing designs and details for both the permanent and temporary support for the proposed basement construction to be made as part of the development.

We shall also be inspecting the critical element construction of the basement to ensure that our details are being complied with. We are a Structural Engineering Consultancy who have been practicing for over 23 years and you will note below the appropriate qualifications being a member of both the Institutions of Civil and Structural Engineers.

I trust the above meets with your approval.

Yours faithfully

Neil Blackwell BSc. C.Eng. M.I.C.E. M.I.Struct.E.
