First Name charlie
Name howard
My enquiry is Judith Rhinehold
 157 King Henrys Rd.
 NW3
 Other;

Front Gdn.
 False Acacia; Large mature specimen growing at an angle over King Henrys Rd, there is some rot in evidence in the occlusions in the bottom 1 metre of the tree on the road side and the property side. The tree is growing next to the retaining boundary wall. The wall is being damaged by the proximity of the tree. The neighbours seeking to have the wall repaired and due to the position of the tree the only way of retaining the wall is the removal of the tree.

I would like to be contacted by eMail
