Your comments on the planning application: I strongly object to the application primarily because of the noise nuisance. The premises have already been used for 'community' purposes for many years (despite this second application) and the number of children who currently enter and leave the building is far too high and inappropriate for a building which is primarily a residents area. The children also do not enter/leave by the rear of the building and spill out at the front of their shop and create a noise and disturbance by congregating outside our adjoining building of 76. There is also a lot of increased traffic and parking issues as the parents of the children regularly park and/or drop off at the side of the road. Also the proposed community use seems to be a combination of school and place of worship and I do not appreciate the noise created by their regular chanting of religious prayer etc. That's not to say that I have any bias against their faith but I don't appreciate certain times of the day where I have to tolerate the loud noise stemming from their activities.
