Dear Mr Elsenaar,

The submission that was made on behalf of the residents association was received on 06 June as I noted within my previous email, these will be included as part of the assessment of the application. It was an error on my part to state it hadn't been received in my emails I sent yesterday, I apologise for this confusion.

Can Mrs Moir, Mr Romberg, Miss Horne and Mr Di Giorgi confirm that they have submitted comments via the website and I can try and resolve the issue of where these have gotten to. If they have not submitted comments and would like to do so they can email them directly to me and I will ensure they are logged on our system.

Regards,

Seonaid Carr

Seonaid, this is rather alarming. Are there other representations/objections that have gone astray? It is incumbent on the authority, if it requires objections to be submitted through an online facility, that that facility in fact works!

Marnix

Dear Mr Watson,

Thank you for your email.

Having reviewed the file again I have a record on our system of an objection received by yourself on 06 June, this hasn't been displayed on our website, I have asked our admin team to resolve this. So I can confirm I have the comments of the residents association, I apologise for the confusion caused.

I received emails directly from Ms Anna Tsoy, Mr Gavin and Mr George Patel. Hence why I replied to their emails. I didn't receive a direct email from Mr Moss but his comments have been logged on our system. I don't have a record of comments submitted from Mrs Moir, Mr Romberg, Miss Horne and Mr Di Giorgi, if they wish to submit comments they can either email me direct or submit via the Council's website using the link below:

<http://planningrecords.camden.gov.uk/Northgate/PlanningExplorer17/GeneralSearch.aspx>

The consultation period expired last Friday (13 June) however I am willing to accept any objections received by the end of this week and will include these within the officer report. Should the application be recommended for an approval it would be heard before our Member's Briefing panel which is a panel of 3 member's of the planning committee who determine if the application should be approved or heard before the full committee. Please note the Member's Briefing panel is not a public meeting.

If you have any further questions relating to the application please don't hesitate to contact me.

Regards,

Seonaid Carr

Dear Ms Carr

I am extremely disturbed by your replies to members of the Maxclif House and 13 Tottenham Street Residents's Association who wrote to support this Associations' joint Objection to Planning Application 2014/3138P, (Ms Anna Tsoy, Mrs Nova Moir, Mr George Patel). You informed them in your reply, that you had not received our Associations' joint Objection. Other members who objected, Mr Moss, Mr Romberg Miss Horne, and Mr Di Giorgi, appear not to have had the same, or similar letters.

Our Objection was submitted via the Camden website on or around 5 June by Mr Marnix Elsenaar, one of our residents, and occasional legal adviser to the Association. Separately, immediately following this email, I shall forward key parts of correspondence between me and Mr Marnix Elsenaar regarding the despatch by him, to you of our Objection.

Below is a copy of the Objection. I would be grateful if you would please confirm receipt and also that it will be put before the Committee together with the independent, supporting objections.

Yours sincerely  
DAVID WATSON  
Co-Chairman  
Maxclif House and 13 Tottenham Street Residents Association

Hello Ms Carr

We have just spoken on the telephone. I also e mailed you earlier.

Me Christopher Moss 1 Maxclif House Tottenham St

Them 2014/3138P Whitfield St

I have filled in the form that you sent with my objections about the above application. Seemingly it has got lost! It was sent well before the end date.

Here are my objections. The usual stuff that anyone would hate living next to a large and obtrusive development!

LIGHT A great big lump like this will affect the light we enjoy.

PRIVACY I am not at all keen on anyone in our pleasant little flats being overlooked.

DISTURBANCE OF AIR CURRENTS. There is still an easy nice little breeze to be savoured. This would almost certainly cease.

EXTRA NOISE. Both during and after the proposed development.

Will this affect our parking? I expect so.

Best Chris Moss
