

Flat 1

79 Aberdare Gardens

London NW6 3AN

11th June 2014

Dear Sirs,

Planning application number 2014/2464/P

I object to the planning application concerning the erection of sets of poles in certain designated areas. I understand the poles are to be connected by wires. The streets are already cluttered with poles and signage and to add yet more to the area will be visually detrimental to the environment.

I very much hope no extra poles will be placed in the area.

Yours faithfully,
