Dear Mr Carr

Your ref 2014/3138/P

I live at the above address and would like to inform you that I agree with the objections raised by the Maxcliff House and 13 Tottenham Street Residents Association. Loss of daylight, sunlight and privacy are of great concern as my bedroom and bathroom face on to the site. Any increase in the height of the building would also raise strong objections. (Glees or otherwise)

Yours sincerely

We occupy Flat 2 Maxcliff House 5-7 Tottenham St which is overlooked by the proposed development.

Our objections are twofold: Firstly the proposed terraces overlook our private rooms. In particular our bedroom and kitchen look directly onto the new development.

We note two terraces have translucent screens, which if high enough to not look over are adequate. The Fifth floor terrace has a transparent screen.

Secondly, it's difficult to tell from the plans, but any extension would seem to reduce the light into our flat.
