Application ref: 2014/3010/P

Associated ref(s):

Date of consultation: 09 May 2014

Proposal: Demolition of existing dormer window with addition of new dormer window and roof lights.

Comments: ☒ OBJECT ☐ NO ☐ COMMENT  
OBJECTION

(Please tick as appropriate)

We consider the proposed new dormer is potentially ~~dominant~~ dominant and should ~~be~~ retain the existing dormer front line or only a minimal projection in front of same.

The loss of terrace space is also strange and suggests future use of the flat roof as a terrace.

We consider these elements would threaten acceptable making and relation to existing buildings and neighbours.

CS 14.12 and DP 24.25, 26 refer (24.12)

In view of application 2014/3014/P we now query the exact existing dormer on the front slope.
