Your comments on the planning application: Dear Madam/Sir,

Planning Application 2014/3117/P, Cavendish School Inverness Street

My partner and I have lived in Inverness Street for almost 33 years. I have attended consultation meetings with Councillor Pietroranogli and discussed the development with the school's governors, staff and architects. I wish to add these comments.

My main concern is that the proposed development is out of all proportion for this street and it seems to take no account of the impact on no. 33, despite many discussions. If it goes ahead, it will ruin life for this family and spoil the oldest house in our street. As the school is now, there is an attractive space and view of the 19th century school, as well as a pretty tree and other greenery.

The Clearwater development has taken account of the need to preserve the gap and the integrity of no.33 and the school should do no less.

I think a modest single storey development is all that should be allowed.

Finally, I cannot stress too strongly the overwhelming case for closing this part of Inverness Street as the northern end is closed. At the moment, cars and bikes speed at more than the 20mph limit

from both ends; Veolia also speed through with noisy heavy vehicles, all at the same time as large numbers of cars are parking (often double parking) to take small children into the school.

Yours sincerely

Tony Robinson
