

Dear Ms Craig,

application no. 2014/2560/J.

I write to object to the retrospective planning which has been proposed at 9 Frognaal gardens. The original plans were passed showing wrought Iron gates(as originally there) and the householders ignored this and went ahead to fit the most unsuitable wooden gates which are hideous. They do not look at all fitting for this area and particularly the 20's house which is part of a very nice estate.

It cannot be right to allow the planning office give their approval and to have this ignored.

Yours sincerely,

Jack and Judy Fox.
