

Dear Sir/Madam,

I am writing to object to the two above planning applications on Hilltop Road, NW6.

I understand the deadline for comments has been extended.

The applicant has submitted numerous and repeated applications for this site - and has consistently failed to consult or engage with local residents.

We also believe that the application for a certificate of lawfulness goes beyond Permitted Development rights.

As with our comments on the previous application, we urge the applicant to submit an application for full planning permission with revised and detailed plans. We would also urge him to fully engage with his neighbours and the local residents' association.

Your sincerely,

James Earl
