

Planning Application 2014/2061/P

62 Hillway, N6

Further to my recent email advising that the CAAC had no objection I would like to add a comment.

We still have no objection, however 62 Hillway has a door in it's rear garden wall that opens onto the path to the family centre and is on to private land (Camden lease I think). This door (& the 2.6m wall) was constructed without planning permission and reported in 2010. At the time I understand the it was considered that breach of the regulations were minor and no enforcement action was taken. The concern that we have now is that this is likely to be the route used by the builders for transporting materials to the site. If PP is granted can a condition be added prohibiting the use of this route for material flow.

Many thanks

Martin Narraway
