

To whom it may concern,

Today whilst enjoying the sun a lady approached me petitioning for building not to be torn down in replacement for skyscrapers. I signed up and have decided to send you my comments.

Truly the square behind the sports centre is now a really beautiful spot with the sun out and the fountain in the centre.

With a skyscraper the scenery will be ruined, the sun shall not shine and this once artistic area with central school of speech and drama & the amazing farmers market will be shadowed by a building that will look out of place and oppose the atmosphere of the area.

I would like to add my name to the list of those who dont want a skyscraper.

Thanks & Warmest wishes.

Camille Mallet de Chauny

APPLICATION Comments Form

 Name..... MERVYN CROSSICK

 Address..... 7 MAXWELL COURT, 67 ETON AVE

 Email address..... NW3 3EY

 Planning application number..... 2014/1617/P

 Planning application address..... 100 AVENUE ROAD NW3 3HF

 I support the application (please state reasons below)
 I object to the application (please state reasons below)

Your comments

My wife and I have lived in Eton Avenue near Swiss Cottage tube station some 25 years. During this time we have seen a massive footprint in the area occasioned by the building activity around us:-

- 1) A large block of flats in Winchester Road
- 2) " " " " " " / Adelaide Road.
- 3) The re-siting and a much larger building for Harrow's theatre
- 4) A school in Adelaide Road
- 5) The enlargement of the Swiss Cottage Leisure Centre
- 6) " " " " Central School for Drama in Eton Avenue
- 7) A new additional building in Crossfield Row for the Hall School.

The increase in air pollution & traffic congestion has become a nightmare for residents. Parking near our flat is virtually impossible because of CA/B commuter traffic using the tube during the day & cinema & ~~theatre~~ theatre parking in the evening we strongly object to the further building's (massive) contemplated at 100 Avenue Road. Please spare consideration for the residents in the area. Enough is enough.
