Date of consultation: 17 April 2014

Proposal: Conversion from three flats to a ground floor studio flat and a four bedroom maisonette set over all floors; single storey ground floor rear/side extension; the installation of two roof lights on the rear roof slope and two on the side facing roof slope.

Comments: OBJECT NO COMMENT
OBJECTION

(Please tick as appropriate)

Apparently deliberate imbalance between the '2 flats' and in that the proposal is taking over the whole house with a nod in the form of studio flat.

We query if the proposals comply with life time homes requirements. The access to the studio seems very tight almost 600-700mm which would not be acceptable. The extension proves to be extensive and will not be acceptable. + garden take up is unacceptable
