~~I support the application~~ (please state reasons below)
I object to the application (please state reasons below)

Your comments

I oppose this development on the same grounds as I oppose that of application 2014/1943/P.

(1) endanger stability of neighbouring properties
(2) over-development of this high-density area will increase.

I live at 61^{SHP} & our house was only insured after a specialist surveyor's report to the effect that as long as all four houses in the terrace were left unpinned and without alteration to their foundations. Otherwise they would move separately as the ground shifts gradually downhill, and would not be safe.

Ref: Planning application 2014/1938/P

Dear Mr Quinn

I am writing to oppose the planning application 2014/1938/P for works to No.35 South Hill Park.

The applicant has not demonstrated that the proposed works to No.35 South Hill Park will maintain the structural stability of the neighbouring building No.37 South Hill Park as required by Camden Development Policy DP27A.

A further report has been drawn up by Michael de Fritace and submitted by Alice Gailey of No.37 South Hill Park which should be considered.
