To Ms. Seonaid Carr.

Dear Ms. Carr,

On 19.03. 2014, I made an on-line representation, objecting to the above planning application. The reference no. for my comments was 9260649. Although I appreciate, that there have been problems with your website, I cannot understand, why my comments have not been added to the list.

I have had several conversations with staff in the planning department, who haven't been able to explain the omission. I was told to-day that I can still make a representation, and I was advised to email planning, with a copy of the comments I made on 19.03.2014.

My comments were as follows:

"The development of 5 flats will result in an increase in traffic levels. There will be a five-fold increase in the number of visitors to 10A Oakhill Ave. At present there is often a shortage of parking spaces in Oakhill Avenue in the evening and at times during the week-end. A substantial increase of visitors will aggravate this shortage, particularly for residents who do not have off-street parking facilities."

Could you please acknowledge receipt of this representation.

Dr Gary Katz

Dear Ms Carr,

Re Planning Application 2014/1037/P 10A Oakhill Avenue

In my email of 09/04/2014 and my representation, I mentioned that there is often a shortage of parking spaces in Oakhill Avenue, in the evening. At 8pm that evening, I returned home to find that there was no parking anywhere near my house. The 3 photographs in this email and another photograph in my next email illustrate the problem:

Photo1: Taken outside 10A Oakhill Ave. facing up Oakhill Ave.

Photo2: Taken from near top of Oakhill Avenue facing down Oakhill Ave.

Photo3: Taken from outside 1 Oakhill Avenue facing down Oakhill Avenue

Yours sincerely,

Dr Gary Katz
