

Plot 10

17/4/14

Dear Sir

Planning application 2014/2094/P

I am writing to object to the planning application above relating to 7 St Pancras Way NW1 0PB.

My objection is on grounds of the disturbance it would cause to the site which is underlain by the London Clay Foundation and which therefore raises issues of subsidence and disruption to the foundations and structure of the neighbouring buildings.

I feel this would not be in accordance with council policy DP27 which is 'to maintain the structural stability of the building and neighbouring properties' and that it would also have a 'cumulative impact on the structural stability (and)

14 were concerned.
I also feel that this proposal would
not 'preserve or enhance the character
of the building itself'.

For the above reasons I object
to the planning proposal.
