My enquiry is

I was surprised not to be contacted by Camden Planning regarding a permission relating to Frogna Court and (from what I understand) a new floor which the builders hope to erect. I live at 7b Netherhall Gardens and my garden backs directly on to this block of flats. They put a planning application in previously and I wrote an objection letter but this time I was not informed of the planning application and was only told about it from a neighbour (number 7A Netherhall Gardens. As a result I have missed the deadline for objection. In view of these circumstances please would allow me an extension to put in my complain. Thanks Mrs Lew
