should have left me nursey here for the
small kids for this block at least. ~~to~~ so
they can play in a safer area. this is going
to cause problems now. the noise &
me lift I don't use it because of
health problems but what about the
old people & parents with prams
& disability people. you didn't think
about that me lift will break
down extra now. if you put carpet you
can still hear noise its not sound proof
as all you can stop it impossible.
