

Planning application number 2014/1989T

Planning application address Argyle St., London WC1H 8ND

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

Please Note We were unable to open  
"View Related Document" to computer -  
- said "Proxy Error" - "Unknown Error". Thus  
we have not seen exactly which tree 1x Oak-Fell.  
is being considered.

However in the original planning application  
for extension to the rear of Oak Hill House, we  
stressed that in a Conservation Area the trees  
and their roots should not be disturbed.

The trees provide:

- a) beauty on the estate which is unique
- b) privacy of neighbours
- c) continuation of design & layout of the estate

Your comments

I am outraged that you agreed to the development of a house in the garden of my neighbour, Oak Hill House. My view is directly onto the site and the work which has started is destroying my outlook. A huge amount of shrubbery has already been removed and the removal of one tree in this application will make little difference.

Please continue on extra sheets if you wish
