Your comments

I strongly agree with constructing the stairs to the front of the existing retail unit at the basement level.

Your comments

I fully support the application as the unused shops currently on the front of the building have been an eyesore for quite a while and it would be good to make use of the unused property.

Your comments

I would like to support this application.
The front of this building is looking very
shabby and I believe a lightwell would improve
its appearance greatly. And would be in keeping
with others in the parade.
