Your comments on the planning application: We would very much like to endorse this application as it will contribute to raise the profile regarding quality of life for this property and it will help maintaining the historic value for residential living in this Victorian unique landmark building it is located in. It is entirely in keeping with parallel building developments in our area, in particular the redevelopment of the Kings College campus across Finchley Road which our building borders on. It is overall a very welcome step into the right direction of maintaining the original character of these period residential buildings and prevents another split up into smaller more profitable units by business orientated developers that have a widely recognised negative impact on historic London living quarters.
