

Dear Mr Heather

I submitted comments twice both yesterday and today regarding 8 Elsworthy Road but without success. "Submit" did not react with any confirmation of being received.

I object to the change to the roofline proposed. The original house had a pitched roof and using adjacent mansards as an excuse to copy is regrettable. The mansards were installed prior to this group of houses 2-20 being included in the Elsworthy Conservation Area. The forthcoming proposal for redeveloping 18 and 20 includes pitched roofs and gables as the originals.

Yours

Francoise Findlay

Chairman Elsworthy Residents Association
