Hugh Miller
Planning.

Dear Mr. Miller

Re: 106 Judd Street, London WC1.

I understand you are dealing with a planning application regarding the change of use of the above premises.

I have lived here for 17 years. Judd Street is a residential community with a number of shops, pub and already ad a sauna massage parlour.

The recent closure of two book shops was sad and though we hope that more shops open in Judd St. another massage/sauna premises adds nothing to the community.

The area is also very close to Cromer Street and strong Muslin community and it is insensitive to allow this to be so close to their community.

The opening of an additional sauna/massage facility is not in keeping with the character of the neighbourhood.

Yours sincerely,
