I support the application to some extent because I appreciate the need for more council housing (I have a 37 year old son living with me who desperately needs low cost accommodation as his income will not cover private rents).

However, I wonder if (a) there will be additional 4p surgeries to cope with the extra number of people or (b) extra school places. You have considered car/cycle parking which is of less importance. I am also concerned about additional 18 story blocks which could block off light to surrounding houses.

My other point is why you are, and can, spend so much on that estate which is not as old as the St. Pancras Estate where I live, and yet cannot paint our doors, repair and paint the railings on our stairs and repaint the bricks which in some areas is in need of being done. What is your plan for our estate which is in disrepair?

Sorry for the delay in replying.
