

**Subject:** Ballymore application 2013/6627/P

Dear Jenna Litherland,

I write with concern regarding the proposed changes to this development and that a proper review is essential. Whgara have written to you very clearly and specifically about these so there is no need for me to reiterate them again but it is essential that every effort is made to ensure that the Ballymore estate is as good as it can be and not squeezed and distorted to accommodate political opinions.

Our future environment is in your hands - please respect and guard it.

Thank you  
shelagh brady
