Your comments on the planning application: I have a number of concerns regarding both of the proposed plans. Firstly a number of residents at 1 Prince of Wales Road share a party wall with 187 Kentish Town Road. Since squatters have been allowed to take over this building, it has become apparent that this wall has totally inadequate soundproofing. Every sound is clearly audible and there is no mention in the proposed plans as to how the developers intend to combat this problem for the residents of 1 Prince of Wales Road. The plans are also unclear as to the use of the ground floor.

What will the retail units be used for and where is the proposed access for commercial deliveries? Therefore my concerns are, the impact of noise from plant equipment, noise from new uses and impact of development on traffic.
