Dear Mr Tulloch,

My neighbour Mrs Dubinsky has asked me to forward these items in connection to her objection to the proposed works at No 5 Kemplay Road.

Jim Conwell

3 Kemplay Road
London N15 1TA

9th February 2014

Dear Mr Tulloch,

Further to our letter of February 4th, which was written in haste, respecting how late it is now to make objections, we hope nevertheless, that you can still consider the following point:

I have enclosed a photo of the hall in my house. This is the heart of the house and all the rooms are built around it. The light here comes from a glazed side door and from a window on the first floor. This window brings light into the whole house and gives an immediate light-filled atmosphere when entering from the front door. The proposed development will very significantly effect the amount of light to this window, darkening our hallway in a way which will detrimentally effect the whole of the house.

Yours Sincerely,

A black rectangular box redacting the signature of Helene and Alex Dubinsky.

Helene and Alex Dubinsky
