

To whom it may concern.

I would like to object to the latest development plans relating to the Willingham Estate, Kentish Town.

The 3 storey proposal will completely destroy the open space that currently exists. If built it will lead to higher noise levels as sounds from each flat will bounce-off the walls from existing buildings in what is already a highly overcrowded residential area.

Furthermore, it will reduce a good deal of western sunshine and light into lower ground floor flats such as the one I live in.

I look forward to your further consideration in this matter.
