

Dear Jenna Litherland

I am a lay person when it comes to plans , having not been trained in this area . But,even so I object to the plans for these reasons :

The design and lay out ranges from bland to a blot on the landscape.

The what appears to be loss of windows and fenestration makes what is already 5 really ugly blocks even more dense and over bearing. Windows break up hard lines and reflect the sky ; not to mention let light into the homes . The fenestration again breaks up hard lines , adds interesting detail , even character.

There seems to be more retail units and some bigger . This will bring more noise , with deliveries , refuse collection , workers etc. Which leads to Traffic , all business have deliveries , some more than others .The entrance is small ,cars and lorries will get backed up , the pavement even with the 'square' is narrow . We have a huge problem in this area now, because of the 'hub' there is no room for double parking , parking on the pavement etc. Restaurants have daily deliveries , as do retail shops , such as M&S that are going there ; just by the sheer amount of people and properties on this tiny site , there will be constant noise and traffic jams . How will I get my kids past the site to school , in a safe environment. What effect will this have on pollution in this area , it will need to be monitored very closely.

The use of the land , in this case the trees on this land . Removing the large amount of established trees , the 'lungs of West Hampstead' and replacing with shrubs , is not a substitute.They help with the prevention of the soil erosion from the train embankment , help with the massive problem of water/flooding in the area,help shield the dwarfed properties being overlooked , help break up the brutal blocks of flats and keep the air clean. Window boxes and shrubs wont do this .

Thank you Mila Tanya Griebel

Name Mila Tanya GriebelAddress 2 Gladys roadPlanning application number 2013/6627/PPlanning application address 187-199 West End Lane NW6 2LJI support the application (please state reasons below) I object to the application (please state reasons below) Your comments I DID NOT RECEIVE THE LETTER DATED 3rd JAN
UNTILL 11TH JAN!

I OBJECT TO THE APPLICATION ON A FEW GROUNDS.
AS FAR AS I CAN WORK OUT FROM THE DRAWINGS,
THERE WILL NOW BE MORE FLATS THAN BEFORE.
THE WINDOWS AND FENCISTRATION SEEM TO BE
DIFFERENT, THERE FOR, NOT ONLY ALTERING
THE EXTERNAL APPEARANCE, BUT ONE WOULD
THINK, (HANDLING) THE INTERIORS OF THE
FLATS. LES WINDOWS WILL MAKE THE FLATS
DARK AND MAKE THE SHAPE OF THE FLATS
ESPECIALLY THE MONSTERS ONE AT 12 STOREYS
SEEM EVEN MORE OF A BLOCK OR CONCRETE.
THERE SEEM TO BE MORE AND LARGER
UNITS, THIS WILL INCREASE TRAFFIC, NOISE
AND TAKE AWAY PEDESTRIAN AREAS.
THE LANDSCAPING, WAS TO PROVIDE GREEN SPACE
AND HOW WITH THE ECOLOGY OF THE AREA
REMOVING MATURE TREES AND REPLACING WITH
STRUBS, IS NOT, LIKE FOR LIKE AND WILL GIVE
LITTLE BACK TO THE AREA.
