Dear Sirs,

Flat 1, 15 Wedderburn Road, NW3 5QS

2013/7182/P

I wish to object in the strongest possible terms to the above application, and to implore you to refuse this.

I have seen the letter of objection from Flat 3 at 15 Wedderburn Road and 13c Wedderburn Road. I endorse all the objections set out in this letter. I am particularly concerned about the loss of amenity for all neighbours from the volume of traffic that will be generated by such a huge development in a residential area, which includes a large number of schools, and the attendant pedestrian traffic. Again the details are set out in the above letter. They make horrendous reading.

As a keen gardener, I also note that ALL the trees on the site are to be removed. Surely Camden cannot tolerate this? Replacement trees will take many years to replace the current amenity.
