Dear Leela,

RE: PLANNING APPLICATION 2014/0205/P

As I cannot call you please could you call me as a matter urgency. I also cannot locate Eimear. The deadline for responding to the planning application reference 2014/0205/P is about to expire. I do not understand the application and I would very much like to discuss it with you or one of your colleagues.

I have endeavoured on several occasions to telephone and email both Eimear and yourself in order to discuss the proposal regarding planning application 2014/0205/P.

As you will appreciate it is difficult for a lay person to understand with any certainty the proposed changes and it was for this reason that I have endeavoured to discuss the application with you and your colleagues. Please would you be kind enough to grant a 21 day extension for the submission by myself of a formal notice of opposition of the proposed planning application.

In the event that you are unwilling to grant an extension I wish to make the following objections today.

I object to the removal of condition 9 of 2012/1822/P. I understand this involves the removal of the platform of the plant room and CHP Unit from the basement. I believe that moving this equipment from the basement will cause severe noise issues for the neighbours of which I am one.

I look forward to hearing from you.

Yours sincerely,

STEPHEN D SUTTON
