Dear Mr Miller

I am writing with regard to Application Reference 2013/7930/P and Associated Reference 2012/5442/P for 19 Fortess Grove - for which I understand you are the Planning Officer.

As a very close neighbour of the house in question (I live at 17 Fortess Grove), I want to confirm that I am highly supportive of this planning application. The extension plans will not in any way detract from the look and feel of the street – and indeed are a great deal less intrusive and substantial than the building works on 23 Fortess Road for which planning permission was granted, despite numerous objections. Most importantly the extension plans will enable a much loved family to remain in the community.

Do please contact me if you need to discuss further.

Best wishes  
**Wendy Proctor**
