Subject: Opposition to planning application 2013/8261/P
Categories: Orange Category

Dear Camden Planning Team,
I am Vincent de Boursetty, a resident and owner of a flat in the Brinsmead building, 25A Ryland Road NW5 3EH.

I would like to strongly oppose the planning application 2013/8261/P to elevate a third floor to Unit D for the following reasons:

- Loss of light
- Loss of privacy
- We live in a conservation area and do not want any additional floors in this village type area
- Overcapacity of the parking space on Ryland/perren street
- Residential density is becoming very high with too many residents clamped in one tiny part of Kentish Town.

I hope you will reject this application and other residents of my building also strongly oppose this project.

Best,
Vincent
