Dear Sir/Madam

I am writing to inform you about the planning application consultation, we are a resident of Agar Grove Estate, we have come to the conclusion of your proposal and we have decided to support your plan, we believe the plan will improve the estate with new and modern buildings, which would mean better facilities, one of our concern is the height of some buildings which will cause a unfriendly look to the estate, therefore we request you to keep the height of the buildings to a minimum, the demolishing work would cause a lot of problem for many residents but we have to accept it for better infrastructure but we do request you to proceed the demolishing work late in the morning, generally we are pleased with the plan but we do except better and friendly look.

I support the application*

Thank you

Dear Sirs

We have looked at the above planning application and can confirm that we have no interest.

Kind Regards

Julie Jackson
