Your comments on the planning application: I sit on the West Hampstead Business Association and we feel it necessary to comment on this application.

We understand that the planning department propose to restrict the commercial element within this scheme to B1 â light industrial usesâ .

We absolutely support the need for good quality and appropriate commercial uses which encourage businesses to locate in West Hampstead. However, restricting the use to 'light industrial' is NOT appropriate in this instance.

It is imperative that this unit is available to a range of business uses, especially office uses. Industrial uses a) do not mix with residential, b) require loading facilities / parking c) do not create the volume of jobs justified in this location.

This view is supported by the NDF and widely supported locally. We look forward to hearing that the space can be used by an office user.
