

Jan 4 - 2014

n. wvy. 26 myle
- more Rd NW62P.

Dear Jenna Litherland,

Happy New year!

I strongly object to any development as mentioned for 5 & 7 Hilltop Rd, NW6.

I have lived in west Hampstead over 40 yrs and not happy about this and other developments that have or going to happen in west Hampstead spoiling it - i.e. opposite the post office.

^{ed} West Hampstead used to be more like a village not so long ago, and all the "fancy" shops now. Also what used to be the ~~Bank~~ Bank on the corner looks terrible. And should not have

taken the lovely front of the post office some care to look like a Pound shop. ~~Wansley A. Lewis~~

HILLTOP ROAD

DEVELOPMENT CAMPAIGN

TIME TO OBJECT

Property speculators are targeting No. 5 and 7 **Hilltop Road** as a development site once more.

The developers want to extend this property as part of their plan to turn it into a multi-occupancy. To that effect, they have submitted two new applications, Nos 2013/7792/P and 2013/7801/P.

The developers are trying to get these applications approved as part of their permitted development rights. Local residents in the WHGARA are opposed to this and the local Conservative team support residents in their objections.

West Hampstead is under stress from over-development with parking and local services put under pressure. This proposed development threatens the small green lung formed by the Victorian gardens along the back of **St James Church, St James' Mansions** and **West End Lane**, further degrading our local environment.

If you share in these concerns, please write to Camden Council to register your objection. Points which can be highlighted in the objection are the following:

1. The extensions involve building to the side of the rear wall 'steps' of each house. The owner proposes to construct extensions which are wider than half the total width of each of the existing houses. This means it is too wide and therefore not permitted. (As you are aware, the extension as a whole cannot be wider than 50% of the total width of the house.)
2. At each house the extensions will involve the removal or alteration of one or more chimneys, flues and/or soil and vent pipes. (These are not shown on his drawings at all as they ought to have been, but they exist and are in the way of his proposals.) This requires full planning permission - which he has not applied for.
3. The proposals show nothing at all about the materials which the owner proposes to use for the exterior. Given the past history when he simply ignored what was permitted development and then appealed (at great public expense) against each demolition order, the certificate should be refused because he has not shown at all how he proposes to comply with the requirements over appearance.

You can either write to Camden's planning officer at this address: Jenna Litherland, Development Control, Regeneration and Planning Culture and Environment, London Borough of Camden, Argyle Street, London WC1H 8ND. Or you can go to Camden Council's website, www.camden.gov.uk and under the Environment tab, search for the two planning applications and register your objections online. Use your own words and if there are other points you wish to add, please do so.

Objections have to be in by the 10th of January. Don't delay in registering your objections. Let's fight to retain West Hampstead as a community.

Yours sincerely,

Andrew Saywell, Natalie Elades, Ed De Mesquita, Ian Cohen, Tom Smith & Andrew Parkinson
