2014/5152/P	Mr. Kadrok	8 Sandwell crescent	22/09/2014 18:37:32	SUPC	<p>Our house is semi-detached to the address and thus would like to ask the owner to arrange wall survey before the construction starts. Also, would like the owner to confirm that if any damage is made to our house due to the work, the owner will be responsible to fix the problems and the damage.</p> <p>Furthermore, we have small children at home and a baby. We do not want the work with noise to start at any time earlier than 8:30am and later than 6pm on weekdays and no time on weekends.</p>
