2014/5518/P	Bruce Adkins	8a Belmont Street London NW1 8HH	28/09/2014 13:22:16	OBJ	<p>Please do not grant permission – will dramatically reduce privacy and directly encourage people to overlook into my property and garden (which I am already experiencing from the builders in the property hanging out of the windows peering over).</p> <p>This would result in direct encouragement to invade my privacy.</p> <p>The amount of applications and changes to this build is extremely unfair on existing residents and makes a mockery of original permission.</p> <p>We've already lost two summers to this build – please let us enjoy the future ones.</p>
