Hi Tom

Happy new year!

A resident of 89 Hillway has rang to say that a branch of a tree, which is subject to a TPO has become unstable during the strong winds and is now hanging over her disabled son's car. She would like to get someone assistance in terms of getting someone to come over to inspect the tree and advise her on her next cause of action.

The resident name is Mrs Riley and she can be contacted on [REDACTED]

For my records, I would appreciate if you could please let me know when she has been telephoned.

Kind regards

Patricia
