Ref. Planning Application 2013/7242/P

Dear Mr Thuaire

As a long term Highgate resident I would like to add my name to the many of us living in this area who are anxious that Athlone House is fully restored rather than destroyed.

It is a very attractive property and a glorious reminder of the Victorian era.

I can see no reason why the present owners should not honour their commitment to its restoration.

Planning application address... Athlone House, N6 4RU.....

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

That their proposal should be being considered at all is ridiculous. The original remit to the company was quite clear and had everyone else's agreement: Athlone House was to be restored. The company have built the new dwellings in the ground as agreed, but they are of such shoddy appearance that letting them loose as a new building to replace the existing fine architectural structure is unthinkable. One is compelled to ask whether the council officers ~~be~~ are so incompetent as to have been so outwitted

by the company's lawyer, or whether brown envelopes have been passed
