

Hi

I'd like to add my voice to the concerns about Athlone House in Highgate. I think it's very important to preserve as many historically important and beautiful buildings as possible and I'd like to request that Camden take action to prevent the proposed demolition.

Dear Mr.Thuaire,

I object strongly to the above renewed application to demolish Athlone House and to the proposed building in its place.

As resident at the address below for nearly 60 years I fear a creeping encroachment upon Hampstead Heath and I have read and support the points already made online by other objectors.

Moreover, permitting this project in the face of the original condition for granting permission will only increase the cynicism already prevalent among the public that these consultations are a formality and writing in to the planning department a waste of time.

Yours sincerely,
