Dear Sir/Madam,

With reference to Planning Application: 2013/7242/P in connection with Athlone House, Hampstead Lane, London, N6 4RU, we wish to object to the application because Athlone House has settled into the landscape over a number of years and become part of its character.

The view of flats for the very rich does not appeal to the large majority of heath walkers. It adds nothing. The wealthy have colonised all the roads near the Heath and this is enough. To develop Athlone House may set a precedent for more buildings to creep in.

Yours faithfully,

[REDACTED]
