Dear Sirs,

I would like to object to the above referenced planning application. Athlone House is a fine and historic building, which is an integral part of the landscape on Hampstead Heath. It would damage this landscape for all users of the Heath if Athlone House was to be demolished. Furthermore, I had understood that undertakings had been given, as part of previous planning applications, not to demolish the house. For these reasons, I would not like to see this application succeed.

Yours sincerely,
