The plan will overdevelop the area.
It is too large. It is out of keeping with
Camden is allowing way too many ^{historic neighborhood} basement
applications without due regard for the stability
of surrounding structures.

We don't need another billionaire's vanity
development with an underground swimming pool.
The whole community will suffer from
the dirt + disruption of excavation - why -
to satisfy the vanity project of one wealthy
owner.
Camden's basic position on basement extensions
should be "No".
