Highgate West Hill N6 6DX

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

While I support this application in general, I have a number of concerns.

- Car-parking — if this is for the commercial units is this not actively encouraging an increase of traffic in the area? Shoppers and visitors to the area should be encouraged to use public transport which is more eco-friendly and sustainable.
- Residential units — will these be affordable for the average resident in Camden?
- I would be disappointed if views of St Joseph's church and surrounding greenery were obstructed.
